

## EXUBERANCE'19 – A CULTURAL FIESTA

It is rightly said, *'You earn your trophies at practice. You just pick them up at competitions.'*

The present-day education provides a wide scope of gaining knowledge and skills at various levels in school. So, it becomes imperative to provide students with a platform where they can exhibit their versatility and talent. Keeping this in mind, Lancer's Convent hosted 'Exuberance 2019' – a two day long inter school fest from August 8, 2019 to August 9, 2019 to celebrate the brilliance and excellence of students.

The inaugural ceremony commenced with Veda Chanting to invoke the blessings of the lord followed by the lamp lighting by the Principal, Mrs. Latesh Chaudhary accompanied by the other dignitaries. The Principal welcomed the dignitaries, the guest teachers and students from various schools. She motivated the participants and wished them good luck. She also appreciated the enthusiastic participation of students from different schools. Around 26 prestigious schools of Delhi showcased overwhelming participation in the various events organized during the fest. The 'International Fashion Parade' showcased the talent of students from class I-II who dressed themselves in elaborate costumes and represented a country of their choice. The participants of an art activity, 'Wizards of Art' didn't lag behind in displaying their deftness in every piece of art that they created. The literary event 'Andaaz-e-Bayaan' highlighted the fondness and skills of the participants in the Hindi language. Another activity 'Newspaper in Education' helped the participants to prove their mettle by showcasing their creativity and assimilating reading and writing skills in English, while collaborating with teammates to achieve a common goal.

Technology is, of course, a double-edged sword well proven by young minds of Class IX who competed in an event 'Miniature Illusion' and exhibited their earnest and dedicated efforts in creating illusions using the real pictures provided. Participants from Class XI-XII created wonderful logics for the allotted programs.

Dynamism, team spirit and united efforts of all the students of different schools were praiseworthy. They presented their best creativity and efforts to be triumphant. The rolling trophy was bagged by Shah International School. The Principal congratulated all the proud winners. It was a collective step towards our vision 'Look Up and Aim High' and while one step was taken through this event, many more are to go.
